

Corporate Presentation

www.irontech-group.com

Our speciality

We are dedicated to the **development and manufacturing** of panel PCs and industrial monitors, an activity in which we have more than 15 years of experience. We offer a standard portfolio of products as well as custom OEM solutions.

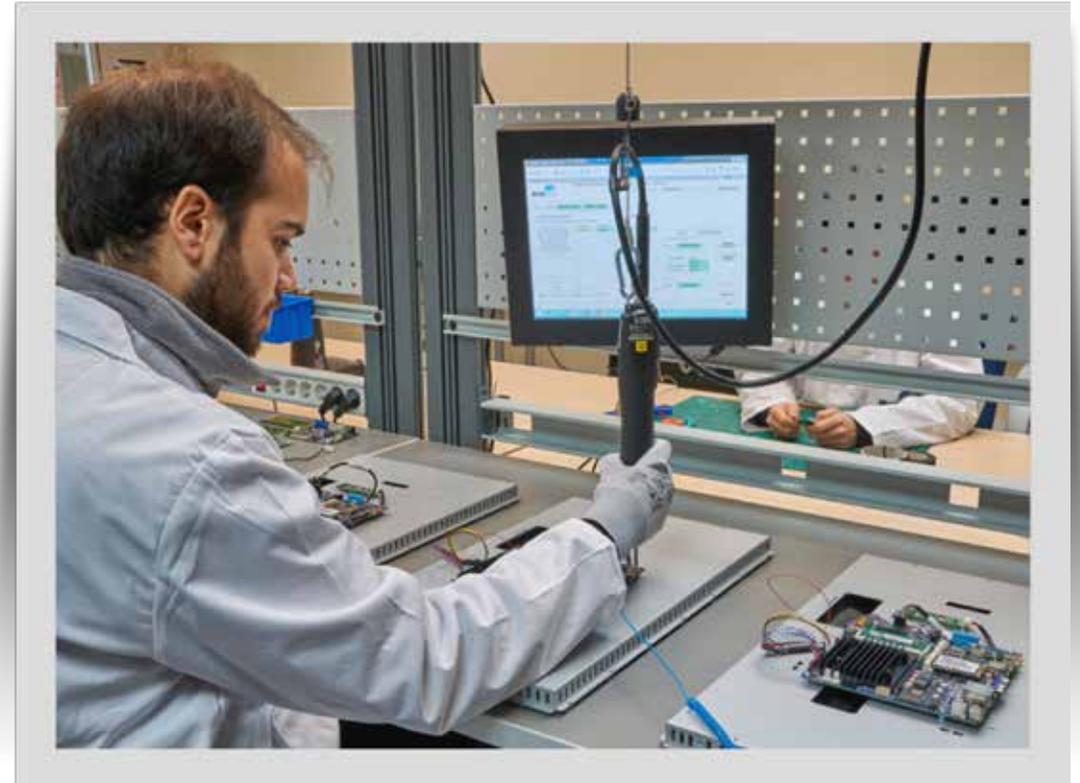

OEM Projects

Apart from the standard products catalogue, we also offer the production of personalised equipment for all kinds of uses through exclusive OEM projects.

- ✓ Ample experience in OEM projects.
- ✓ Fast development with short deadlines.
- ✓ Involvement and contribution of know-how.
- ✓ Constant innovation in new technologies.

Our way of working

1. Delivery of the first prototypes in a few weeks.
2. Constant and fluid communication between companies.
3. Internal development and control of the full project.
4. Possibility of delivery in small production batches.
5. Excellent quality with top-notch components and materials.

Internacional calling and experience

- ✓ We are present in international fairs of great prestige.
- ✓ We have clients in the European and Latin American market.
- ✓ We comply with different international regulatory standards.
- ✓ Constant implementation and development of new technologies using international technological specialists.
